

Careers

AT Electronic and Communication International Ltd offers a variety of career opportunities, from entry level through to senior management positions in a range of disciplines. In addition to career opportunities available at our head office, we also advertise for our regional offices.

We have new positions for qualified Regional Sales Representatives in the areas below:

1. West Africa
2. African French Speaking countries
3. African Portuguese speaking countries

Applicants with a strong background in telecommunications, especially military grade products, are welcome to send in their CV's to the email adress listed below.

An ability to deal on a high level with military and governmental departments as well as access to an existing local client base will support your application favourably. Knowledge of the local languages and customs is a pre requisite.

Successful applicants will undergo training to present our products to potential clients in their respective areas.

Applications for positions should be made through [info\(@\)at-communication.com](mailto:info(@)at-communication.com).

HF | VSAT | Encryption | Digital Microwave Radio | Secure Phone | Transceiver | Jammer
